

# HOW TO PROGRAMME A REMOTE TO A FORZA OPENER

①

②

- To programme a remote to a Forza garage door opener, press the “S” button<sup>①</sup> on the opener until “0” appears on the screen<sup>②</sup> and then release the “S” button<sup>①</sup>. Press the desired button<sup>③</sup> on your remote that you wish to use. The “0” on the screen<sup>②</sup> will disappear and your remote has been coded.
